

## 👉 Ensure

Stable Internet Connection

Min bandwidth: 2Mbps

Recommended browsers

Chrome or Safari

You can take the test on

Mobile/Laptop/Desktop

## 👍 Best Practices

- ✔ Read the instructions carefully.
- ✔ Try to take the test in calm and quiet environment.
- ✔ After finishing all games, wait for the completion message pop-up before closing the website.

## 👎 Dont's

- ✘ Once the test starts, try to attempt the whole round in a single sitting, without breaks.
- ✘ Do not switch tabs while taking the test.

## 🤝 Support

- There will be a help  button on the top right of the page, click it to report an issue.
- Our support team will reach out to you as soon as possible.

## 👉 During the Assessment

### → ***The assessment has stopped working, the page is not responding; what do I do?***

Typically, this can happen due to a loss of internet connection or server failure. You can close the browser and click on the link again to restart the assessment. If the problem persists, you can write to us at [support@perspect.ai](mailto:support@perspect.ai) with your issue.

### → ***Can I retake a module or an assessment once it is completed?***

No. Once a module or an assessment is completed, it would be locked, and you cannot re-access it.

### → ***Can I take the modules in a different order, or Can I choose which one to take first?***

No. The order of the modules is fixed. You cannot take the modules in your order of preference. There will be only one module unlocked at any point in time. Once completed, the next module will be opened.

### → ***What if I run out of time?***

Your data(answers) up to that point will be submitted. You will be assessed based on that.

## 👉 FAQs

### → ***Do I need to install any software to take the assessment?***

You only need a supported browser—no need to install any applications or browser plug-ins.

### → ***What are the basic requirements for the assessment?***

Use either Chrome or Safari. It is highly recommended to keep only the assessment tab open.

### → ***How long is the assessment?***

The assessment takes approximately 35 minutes to complete; it has Seven (7) Modules.

### → ***What happens if I close the tab without completing the assessment?***

This will be considered as a violation and the same will be notified to the test administrator.

### → ***I am not familiar with computer games.***

Every game will have a training exercise for you to practise.

### → ***Should I complete the assessment at once, or can I take any breaks in between?***

Taking the assessment in one go is highly recommended, so don't take breaks; it will affect the final assessment score.
